

INHOUSE CONSULTANT SAP MM / WM (M/F/D)

STRATEC develops and produces fully automated analyzer systems under the name of many of the leading global in vitro diagnostics companies as well as Hematology and Clinical Chemistry systems that are marketed under the Diatron

KEY RESPONSIBILITIES

- You will accompany and advise the departments in Warehouse Management, as well as the further development and support of the SAP solutions used in this area.
- You are responsible for coordinating requirements with internal departments, analysing processes, and IT workflows.
- The technical support of implementation partners, as well as providing technical assistance to users, is also part of your responsibilities.
- You will collaborate with our internal customers to design business processes, derive technical requirements from them, and actively participate in customizing.
- Close collaboration with our internal ABAP Developer Team is also part of your role.
- Exciting tasks with the latest SAP technologies await you. We are already on S/4HANA and want to further develop based on this platform.

HAVE WE SPARKED YOUR INTEREST?

At STRATEC, you can expect a dynamic team, an open working culture, and a flat hierarchy. We are proud to offer long-term employment prospects and challenging and varied tasks. We are looking for new employees who show initiative and are willing to take on different challenges creatively and dynamically.

Please send us a copy of your latest CV along with your salary requirements and earliest start date to the following address: jobsCluj@strattec.com.

BECOME PART OF OUR TEAM

KEY REQUIREMENT

- You have a completed university degree in (Business) Computer Science or a comparable qualification.
- You have professional experience with SAP solutions WM or MM.
- Very good German and English language skills, both spoken and written, complete your profile.
- A strong customer and service orientation, as well as the ability to work in a team, distinguishes you.
- You have an independent, responsible, and systematic work style.
- If you have already gained initial experience with Ariba, that would be an advantage for us.
